

The Superior California Chapter of the
Association of Environmental Professionals
Presents: [Chryss Meier on Indirect Source Review](#)

Wednesday October 26, 2011, 11:30 am-1:00 pm

TOPIC:

Chryss Meier of Michael Brandman Associates will provide an update on the San Joaquin Valley Air Pollution Control District's long battle to enact Rule 9510, an indirect source rule related to development-caused emissions. The U.S. Supreme Court recently declined to hear a challenge brought by a national home builders' organization, essentially ending several years of legal obstacles to implementing the regulation.

AICP credit pending
