

URS Corporation, ranked one of Engineering News-Record's list of the Top 500 Design Firms for Eight consecutive years is a leading provider of planning, design, systems engineering and integration, technology development, program and construction management, and operations and maintenance services to federal, state and local government agencies in the U.S., Fortune 500 corporations worldwide and government clients in Europe and Asia/Pacific. We're currently looking for a Sr Environmental Planner for our Sacramento, CA office.

Minimum Requirements:

Bachelor degree in a science or engineering field and a minimum of 5 years of related experience.

Candidate must have demonstrated success with preparing environmental assessment documents (e.g., CEQA and NEPA) with a varied background matching that of our primary business sectors, such as Water, Power, Transportation, and the Public Sector.

Work independently with minimum supervision. Must have excellent verbal communication skills to discuss project with clients, regulatory agency staff, URS staff, and the public in meetings and public events. Must have excellent writing skills and be able to write concise and readable documents.

Must have a valid driver's license.

Position Description :

The successful environmental planner candidate will assist in the preparation of large and complex CEQA/NEPA and environmental permitting documents for Water Resources, Power (including renewable resources), and Transportation. They will also have the opportunity to manage tasks on large projects and manage initial studies/environmental assessment documents.

Opportunity to work on some of the largest California public works projects and help grow the URS Sacramento Environmental Planning program.
